In document #1843 the Receiver states:

“The Receiver recommends rejection of that claim because the Atrium investments are not part of this receivership, and the Receiver does not hold any funds attributable to those investments.”

It is understood and agreed that Atrium Investments are not part of the receivership but that abetterfinancialplan.com d/b/a A Better Financial Plan and ABFP Management Company, LLC f/k/a Pillar Life Settlement Management Company, LLC are receivership entities which is where the claim is made against.

It is my understanding that the revenue and commissions for atrium were paid to one of the above entities and that if the receiver looked into the sources of revenue to those companies, they would be able to uncover that.

We contested the decision from the receiver because the commission for Atrium were never to be paid out of Atrium but from the above mentioned companies and there the receiver is holding funds attributable to revenue sources outside of Par Funding.
